

HYDRAULIC POWER UNIT— V Series / AR series

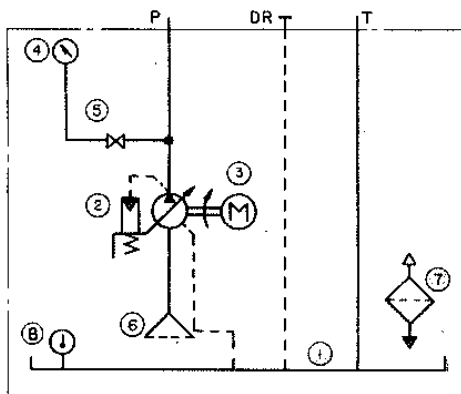

※ AR series

※ V series

※ Specification

※ Character

- Available for various control type application as following

- *Remote control
- *Dual-Pressures / Flow
- *Proportional Pressure / Flow
- *Load Sensing

- Compact, lightweight and easy assembling design.

- With high quality pump and motor for durable product life.

※ Character

- Available for various control type application as following

- *Remote control
- *Dual-Pressures / Flow
- *Proportional Pressure / Flow
- *Load Sensing

- Widely application of various hydraulic machine.

- Adopt high quality pump and motor for high efficient, energy saving and rapid response performance
